ABOUT US

SBG Granite and Marble has a legacy of distinction in the realm of the Natural Stone Industry. We have established ourselves as a preeminent leader in mining and supplying premium quality marble and granite products. As a leading processor and exporter of natural stones, SBG Granite and Marble has garnered a reputation for being at the forefront of innovation and excellence. We offer unparalleled quality and unique designs that have attracted the attention of top architects, interior designers, and discerning homeowners.

Established in 2002, SBG Granite and Marble has continued to expand its reach. We supply our products across the globe to valued customers. We strongly believe in Clean and Green operations. So we have invested in the most advanced and environmentally-friendly processing machinery. Such advanced equipment and our expertise ensure our commitment to excellence and premium quality.

For those in search of the finest collection of natural stones, SBG Granite and Marble stands as a beacon of excellence. We offer a vast range of naturally beautiful stones that will exceed even the most exacting standards.

OUR MISSION

Our mission is to revolutionize the natural stone industry by offering a premium selection of rare and exotic marble, granite, sandstone, and other natural stones to architects and real estate developers who value beauty and longevity in their building projects.

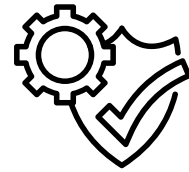

OUR VISION

Our vision is to create a legacy in the natural stone industry by providing our customers with a personalized and sustainable experience that elevates their designs to new heights of excellence and durability. We aim to become the leading provider of natural stones, setting the standard for quality, affordability, and customer satisfaction for generations to come.

QUALITY ASSURANCE

At our organization, quality is a top priority, and we never compromise on it. We aim to offer unparalleled services, premium quality products, and a vast selection. Timely delivery and outstanding after-sales support set us apart as a company and make us truly unique.

We are proud to maintain a rigorous quality control process overseen by seasoned professionals. This ensures that each product dispatched meets global and local stringent quality standards. Our offerings of tiles and slabs are versatile and can be used for walls, floors, and countertops. With the ability to customize the size of the stones to meet the specific requirements of our clients, we are a one-stop solution for all your needs.

In addition to our manufacturing prowess, we also put our products through a thorough examination before delivery. We assess the sheen, size, shape, texture, colour and cut-to-size materials for specific applications to ensure that our clients receive nothing but the best.

OUR INFRASTRUCTURE

At SBG Granite and Marble, we boast a cutting-edge manufacturing unit with a dedicated calibration and polishing plant. Our advanced production facility allows us to cater to our clients' exact specifications, thanks to its ability to cut stone with unparalleled precision.

Our state-of-the-art calibration plant harnesses modern technology to produce items with exact measurements, making it the perfect solution for even the most demanding projects. Our machinery, imported from Europe, is another source of pride for our company and has helped us establish a strong presence on the global stage. Our factory is equipped with the latest equipment, including multi-head slab polishing lines, gang saws, wire saws, block cutters, and filter presses.

But, the true cornerstone of our success is our talented and skilled workforce. Our team of craftsmen and granite professionals rigorously inspect each product to ensure it meets our stringent quality standards. Their focus on producing top-quality products, timely delivery, and exceptional after-sales support is what sets us apart from the rest.

OUR ON PRODUCTS

R BLACK (ASH BLACK) GRANITE

Rajasthan Black Granite is black granite with blue and black small dots on the black background of the stone. It is also known by many other names, like Black Beauty, R Black, Ash Black, and so on. This type of black granite was discovered in the Rajasthan state of India that's why it's popular as Rajasthan(R) Black granite. Therefore, this variety of black granite is a perfect fit for the house's interior applications and decorative pieces. R Black granite is also an excellent alternative to Absolute Black and Black Galaxy granite due to its similar appearance and low price compared to other black granites. SBG Marble is a renowned exporter of R Black granite.

Coin Black Granite

Coin Black Granite is a kind of black granite quarried in Rajasthan. This exotic stone presents a deep black background flecked with thick droplets of silver colour in various sizes. Because of its natural appearance, this granite is suitable for exterior flooring and wall cladding, as well. With its unique arrangement of specks, it glorifies the space and hence, it is used for lining the front of the fireplace and also for designing the tabletops, or kitchen countertops.

SLATE STONE

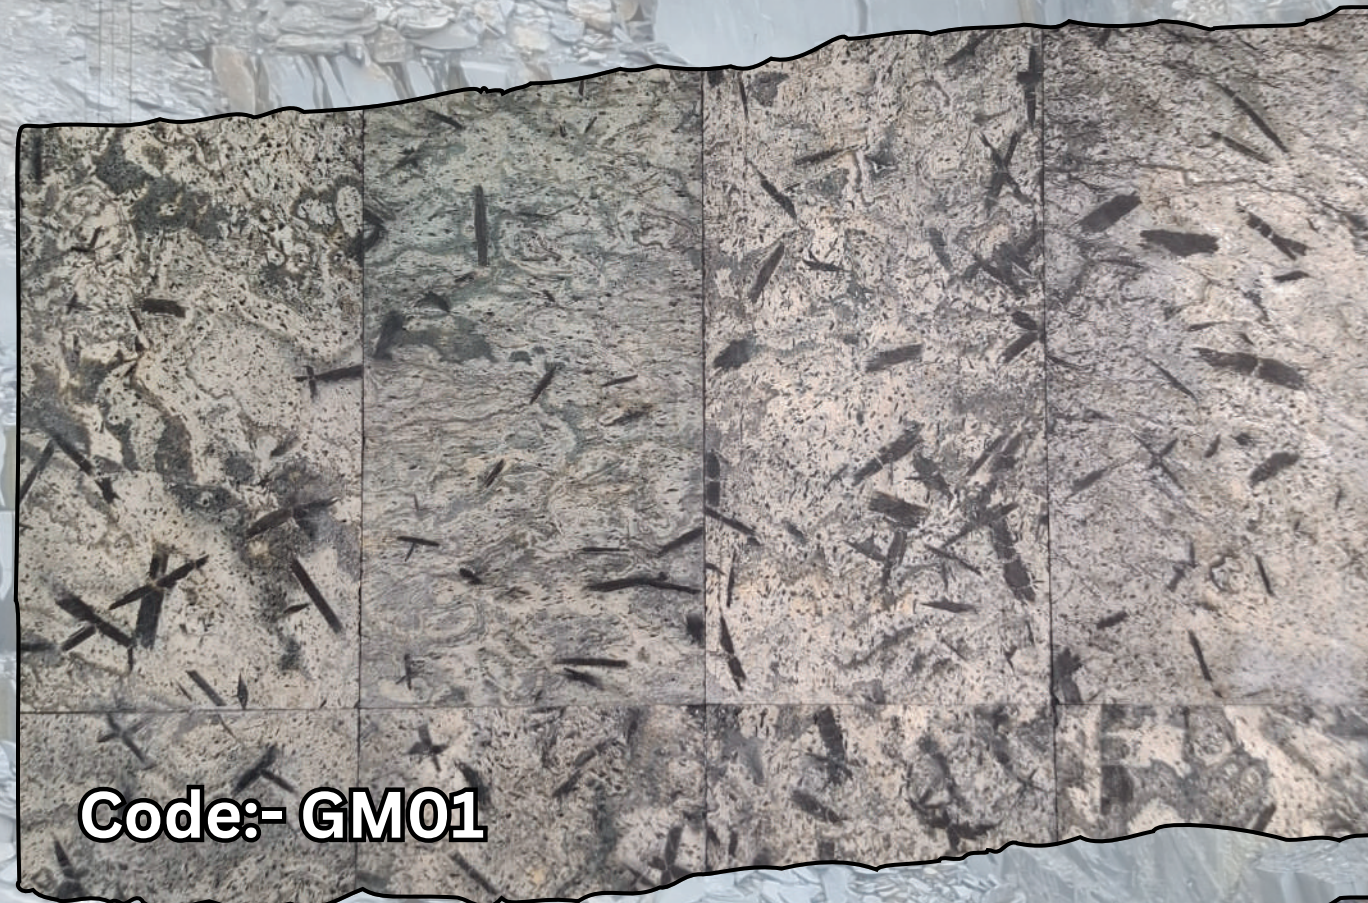

Slate stone is a natural work of art with its rugged and earthy appearance. Its unique texture, rich colours and subtle variations create a warm and inviting atmosphere. Perfect for both indoor and outdoor spaces, slate adds a touch of character and charm to any setting. Its durability and resistance to weathering make it an ideal choice for floors, walls and even roofs. Indulge in the beauty of slate stone and bring a touch of nature's charm to your space.

Features & Specification

- **Easily availability.**
- **Perfect choice for under-floor heating as they retain and transfer the heat fantastically.**
- **Best choice for indoor and outdoor applications.**
- **Slate stone is best suited for wet areas like bathroom, kitchen and for particularly striking feature walls.**
- **Comes in natural variations, which makes them unique in its class.**
